

R105 DURABLE SCREENER

The McCloskey® R105 High Energy Durable Screener provides the best solution for operators who don't require the capacity of the larger screener models.

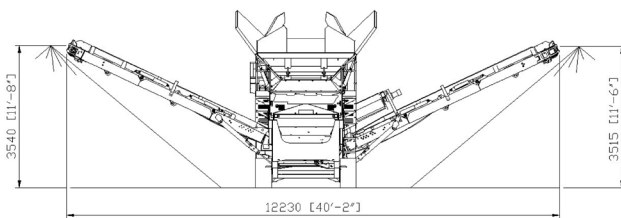

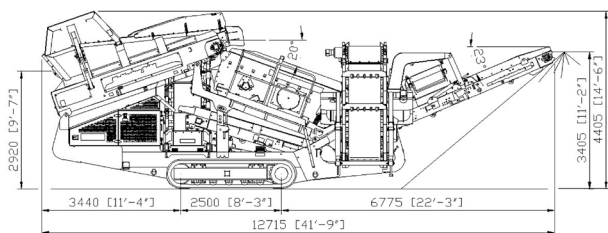

FEATURES

- ✓ 3.66m x 1.370m (12' x 4' 6") heavy duty high energy 2 bearing 2 deck screenbox
- ✓ 97 kW (130 Hp) Engine
- ✓ Integrated hydraulic folding stockpiling conveyors
- ✓ Screen raises at lower end for easy bottom deck access
- ✓ Fast on-site setup time – 10 minutes typically
- ✓ Track mobile

Built around McCloskey International's highly productive High Energy Screenbox, the R105 has all the class leading features of the R-Range, such as high quality components, durability and reliability.

Offering one of the highest stockpiles and largest screening areas in its class while meeting robust transport regulation width, the R105 represents the most cost effective productivity and quality on the market in a versatile and mobile package.
